

Hey K-Fred is The Best!

I have been attending AED/CPR Certification Courses for many years as a requirement for my job, and I have to say that of all the classes that I have taken K-Fred's

was the most informative and enjoyable. He was professional, the classes were small and he kept us all interested, and made us feel comfortable. We were really able to learn and absorb all the information!

I highly recommend K-Fred for all your AED/CPR needs! Catherine Marie
